

# CHOCOLATE DIPPED COOKIE ICE CREAM SANDWICHES

## Ingredients

Otis Spunkmeyer Cookies

Ice cream

Semi-sweet chocolate chips

**Toppings** (Some of our favorite toppings are snowcaps, crushed potato chips, toffee bits, coconut, sprinkles, and sea salt.)

## Method

1. Make the sandwiches - just put a scoop of ice cream in between two cookies and lightly press together. Place them into the freezer until you get your dipping chocolate and toppings ready.
2. Empty a bag of chocolate chips into a glass bowl. Microwave for 30 seconds and then stir for 30 seconds. Repeat this until the chocolate is melted and glossy.
3. Dip half of the cookie sandwiches in the melted chocolate and then dip in your toppings. Place them on a cookie sheet and put them back into the freezer until the chocolate is set.

\* **Note** If you have left over sandwiches you can store them in your freezer in ziplock bags or air tight containers.
